

SaxoNazis

The Saxe-Coburg and Gotha family or Sachsen-Coburg and Gotha are a high level royalty involved with military and landownership and involved with both Roman Catholicism and Protestantism. The Saxe-Coburg and Gotha family are biggest royalty of Europe. The Steinbrenner family which own the New York Yankees were the Aufenstein family of Tyrol which is the border of Austria and Italy. The Auftensteins ruled the Brenner Pass for the Habsburgs and Italian nobles. The Saxe clans frequently married with the Habsburgs and basically use them as their proxy while they are allied with the Vatican. The Steinbrenners are worth 4 billion and are high level white collar mobsters that rig MLB games for bets with Hal and Hank Steinbrenner as top members. The Saxe clans manage white supremacist groups and also some black supremacist groups. The flag of Coburg has an African on it. The leadership of the white supremacist groups and black supremacist groups are covertly working together with the agenda of human enslavement. Both of these groups blame Jews for everything and both of these groups are financed by Court Jews working for royals and nobles. The Saxe families have covert shares in Goldman Sachs and still have residences in Bavaria where the Goldman and Sachs banking families originated. The Saxon nobles married with the Bavarian Wittelsbachs more than 5 times which ruled Bavaria when the Goldman and Sachs families migrated to the United States. The name Saxe is said to be derived from the Seax knife however it is the other way around. Saxons originated from a Scythian Tribe of Sakas. The Sakas were connected to the Kingdom of Ashkenaz located in Scythia which was also related with the Tribe of Ashkuza. Ashkenaz was an Israelite-Canaanite that migrated into Scythia establishing the Tribe of Ashkuza and Ashkenazi people. The Saxe-Coburg and Gothas were directly involved with the Nazis and the term Nazi was secretly created to honor Ashkenaz. Prince Friedrich Josias of Saxe-Coburg and Gotha was a Nazi officer in the Wehrmacht. Prince Bernhard of Saxe-Meiningen was accused of being part of a Nazi conspiracy and then later fled to Italy. Charles Edward the Duke of Saxe-Coburg and Gotha was a politician in Nazi Germany. The House of Saxe-Coburg and Gotha were one of the families involved in engineering the Nazis and WWII which was used to persecute and kill off their opposition as well as seize more power. The Saxe family's elder house is the Wettin family. Wettin like wet. They used brainwashing to cause the Nazi movement. The Nazis are generally white supremacists and this also links with the KKK wearing tall pointed hoods which originated with the Sakas. Thomas Robb is a high level member of the KKK and former Grand Wizard. Don Black is the founder of Stormfront and a

former Grand Wizard of the KKK. The Sakas were a nomadic tribe of raiders and this is where the term sacking comes from. Sakas were fake white people spawned out of raping white women. They were invaders and thieves that sacked or robbed other nations and tribes. The Nazi propagandist David Duke and former Grand Wizard of the KKK is financed to spread Nazi propaganda in the alternative media for the Saxe clans. Both David Duke and Prince Andreas of Saxe-Coburg and Gotha went to the Louisiana State University in Baton Rouge during the 1960's.

There is both a Babylonian and Scythian branch of Saxons derived from the Ashkenazis. The Sacchetti family of Rome manage some Sachs bloodlines which included Samuel Sachs the co-founder of Goldman Sachs. The Saxe clans have shares in Goldman Sachs. The Massimo family has married with the Saxon House of Wettin through Princess Maria Christina Sabina the daughter of Prince Francis Xavier of Saxony. The Massimos are the head of the Gothic bloodlines. Prince Vittorio Emanuele IV of Savoy's mother was Marie Jose of Belgium of the

Saxe-Coburg and Gotha family.
The Savoy family and their puppet dictator Bennito Mussolini issued Leggi Razziali under royal decree which were anti-Jewish laws. Fascists shared a similar ideology as Nazis. Queen Elizabeth II's father George VI was Saxe-Coburg and Gotha. Prince Daniel of Saxe-Coburg and Gotha is a current member of this family. Jonathan Sacks was the former Chief Rabbi in the UK and serves the Windsors as a Knight of the British Empire. The solution to dealing with the royal families which are operating as a global crime syndicate is outlawing royalty, dictators, and singular rulers and then declaring these criminals the terrorists that they are and executing them. Prince Andreas of Saxe-Coburg and Gotha is the head of this

family with his wicked children Prince Hubertus of Saxe-Coburg and Gotha, Prince Alexander Philip of Saxe-Coburg and Gotha and Princess Stephanie Sibylla of Saxe-Coburg and Gotha. The Saxe princes are like military generals that command Nazi gang stalkers in the United States and Europe. Prince Andreas has lived in the US. Prince Hubertus has worked as a banker in New York City and Germany. The Saxe-Coburg and Gotha family own about 20,000 acres in Thuringia. Prince Konrad of Saxe-Meiningen is the head of his princely branch and works as a financial analyst and Managing Director of German Wind Power. Aloys Wobben is a German billionaire worth about 7 billion and from Rastdorf in Lower Saxony. Wobben is the owner of

Enercon which is a wind turbine company. Prince Konrad oversees the financing of Nazi gang stalkers. Prince Michael of Saxe-Weimar-Eisenach is the head of his Saxe branch with Prince Wilhelm Ernst of Saxe-Weimar-Eisenach and the recently deceased Prince Constantin of Saxe-Weimar-Eisenach as members of this family. Prince Michael's daughter is Princess Leonie. Prince Michael of Saxe-Weimar-Eisenach is the official head of the House of Wettin and an oppressive brainwasher. The Reimann family which are worth between 10-20 billion are agents of the Saxe-Wiemar-Eisenachs and they originated from their Dukedom in the town Buttstadt. The Reimanns were also Nazis. Michael Dell is worth about 28 billion and he has

German-Jewish ancestry. Michael Dell lives in Texas and works for the Saxe-Weimer-Eisenachs. The English name Dell is derived from the German word Thal for valley. Klingen Thal is a region in Saxony. Prince Alexander of Saxe-Gessaphe, Princess Gisela of Saxe-Gessaphe, and their sons Prince Paul Clemens, Prince Moritz Gabriel, and Prince Georg Philipp of Saxe-Gessaphe are also members of this Saxe clan along with Prince Ruediger of Saxe-Gessaphe, Prince Karl August of Saxe-Gessaphe, and Prince Friedrich Wilhelm of Saxe-Gessaphe. King Carl Gustaf of Sweden is also a Saxe-Coburg and Gotha.

The Saxon noble families of Germany have a portion of

ownership over the Aryan Brotherhood, Nazi Lowriders, and Public Enemy No. 1 which are involved in robbery, identity theft, and other crimes. The Saxe-Coburg and Gotha family also control the Ku Klux Klan and oversee Nazi propaganda. A ruthless Nazi gang stalking commander in the United States named Tom Rubendall works for the Saxe clans and he has been ordering his agents to commit arson all over the West Coast. Holocaust means a burnt offering. The Nazi Lowriders and Public Enemy No. 1 are allied and mixed in with the Mexican Mafia and Mexican gangs like the Sureños. The House of Hohenlohe-Langenburg are a German-Spanish nobility and they manage some Mexican street gangs. The

German-Mexican Prince Hubertus of Hohenlohe-Langenburg has a residence in Mexico and manages oversight of criminal organizations owned by the Spanish Hohenlohe-Langenburg line which are the Dukes of Medinaceli. The Hohenlohe-Langenburg family financed Nazi propaganda in Mexico which is why there are Mexican Nazis like the Nationalist Front of Mexico. The House of Saxe-Gessaphe also have a residence in Mexico. In the 18th century Princess Louise Eleonore of Hohenlohe-Langenburg married Duke Georg I of Saxe-Meiningen and in the 19th century Prince Ernst II of Hohenlohe-Langenburg married Princess Alexandra of Saxe-Coburg and Gotha. A German branch of the Saxe-Coburg and Gotha family was appointed as the

monarchs of Belgium with King Philippe of Belgium, Queen Mathilde of Belgium, Princess Astrid of Belgium and Archduchess of Austria-Este, and Prince Laurent of Belgium as members of the Belgian Saxe-Coburg and Gotha family. King Gustaf of Sweden is a Saxe-Coburg and Gotha through his mother. The Saxon families use Saxo Bank in Switzerland and Denmark for their stock market rackets. TPG Capital of Texas owns about 30 percent of Saxo Bank with its co-founder and billionaire Protestant James Coulter. The Saxon and Wettin families are partly Protestant and were heavily involved in the Protestant Reformation. The name Sackler derives from Saxon. The Jewish Sackler family in the United States are multi billionaires and founders

of Purdue Pharma which is a large manufacturer of oxycodone and other pain killers. Richard Sackler is a top member of this family and worth about 13 billion. The Sackler family have been exposed for pushing their pain killers through the medical industry and causing mass opioid addiction in the United States. The Wettin family produced 3 rulers of Lithuania. Rodney Sacks is a South African-American billionaire and CEO of Monster Beverage whose parents migrated from Lithuania. Rodney Sacks is an agent of these Saxon nobles. Prince Simeon of Saxe-Coburg-Gotha was the last King of Bulgaria and Prime Minister of Bulgaria until 2005. His children are Prince Kubrat, Prince Konstantin-Assen, Prince Kyril, Prince Kardam, and Princess

Kalina and they are all members of the Saxe-Coburg and Gotha-Kohary line. Prince Kyril is a banker and his brother Prince Konstantin was the head of Rothschild Bank in Spain. Bulgaria entered into an alliance with the Nazis through the Tripartite Pact of 1940. Prince Andreas of Germany and Prince Michael are the heads of these clans.

Coburg, Germany coat of arms. Sakas and Scythians from thousands of years ago mixed with Africans and that is why these bloodlines later worked with the Moors who were Arab, African, and Berber. The Moors invaded Europe and trafficked natural white people and the original ancient Israelites were natural white people. That is why most black supremacists have the same exact ideologies as white supremacists. Both the black and white supremacists blame "Jews" for everything. Jew is a code word for natural white people all while these royal Nazis work with fake descendants of Israelites like the Rothschilds. The royal family of Liechtenstein use the Wettin coat of arms on their coat of arms and they also work with the Rothschilds. The House of Wettin is the elder house of all the Saxe clans. Prince Max of Liechtenstein's wife is black. Prince Harry from the House of Windsor is married to Meghan Markle and she is part black. A month before Tupac's birth, his mother Afeni was tried in New York City as part of the Panther 21 criminal trial. She was acquitted of over 150 charges, in sum, "Conspiracy against the United States government and New York landmarks." [22] [23] Other family members who were further involved in the Black Panthers' Black Liberation Army were convicted of serious crimes and imprisoned.

Tupac's godfather, Elmer "Geronimo" Pratt, a high-ranking Panther, was convicted of murdering a school teacher during a 1968 robbery, although his sentence was overturned. In 1982, for aiding the 1979 New Jersey prison escape of Tupac's step-aunt and godmother Assata Shakur, his stepfather Mutulu Shakur spent four years among the FBI's Ten Most Wanted Fugitives. Captured in 1986, Mutulu was convicted and imprisoned for the 1981 robbery of a Brinks armored truck, during which police officers and a guard were killed.[24]
